Advice provided via the Major Projects Portal

Dear Mr Stringer

**Advice on Response to Submission – State Significant Development – 200 Aldington Road Industrial Estate Kemps Creek (SSD-10479)**

Thank you for your referral uploaded to the Major Projects Portal on 26 March 2021 seeking advice on the response to submission for the above state significant development (SSD) proposal.

In preparing the following advice we have reviewed the following documents:

- Issued Request for Response to Submissions (RTS) dated 22 December 2021
- Appendix E: Draft Aboriginal Cultural Heritage Assessment Report (ACHAR) – prepared by Biosis, dated 24 March 2021
- Appendix Q: Draft Archaeological Report – prepared by Biosis, dated 24 March 2021

The ACHAR provided is incomplete. A complete and finalized ACHAR is required to inform the project approval and to satisfy the request to respond to submissions (RTS) issued by DPIE on 22 December 2020.

Heritage NSW recommends the following:

- A complete and finalized ACHAR must be submitted to satisfy the request for RTS. It is understood that archaeological test excavations have been completed since the submission of the EIS. The results of the test excavations must be incorporated into the ACHAR.
- The Draft ACHAR, including the results of the test excavation, must be provided to all Registered Aboriginal Parties in accordance with the *Aboriginal Cultural Heritage Consultation Requirements for Proponents (2010)*.
- Any comments received from the Registered Aboriginal Parties must be collated and incorporated into Section 4 the report as well as the cultural significance assessment, impact assessment and management and mitigation measures.

If you have any further questions in relation to this matter, please contact Claire Rayner – Archaeologist, Aboriginal Cultural Heritage Regulation North on 9995 6824 or email at [Claire.rayner@environment.nsw.gov.au](mailto:Claire.rayner@environment.nsw.gov.au).

Yours sincerely
