

Key Sites and Industry Assessments
Department of Planning, Industry & Environment
GPO Box 39
SYDNEY NSW 2001

Attention: Minoshi Weerasinghe

Dear Ms Weerasinghe,

**New Request for Advice - Taronga Zoo Sydney Wildlife Hospital
(SSD-17655146) (Mosman Municipality)**

Thank you for your correspondence via the Major Projects Planning Portal (ref: PAE-17794802) dated 20 April 2021 requesting Transport for NSW to provide details of key issues and assessment requirements regarding the abovementioned development for inclusion in the Secretary's Environmental Assessment Requirements (SEARs).

Legislation came into effect on 1 December 2019 that brings together Roads & Maritime Services and TfNSW. This response reflects the advice from the new organisation.

Associated documentation provided in support of the proposed development application has been reviewed, and TfNSW has the following suggestions:

- **Key Issue 4. Transport, traffic, parking and access (operation and construction)**
 - modelling and analysis of pedestrian and cyclist access to the proposed development in consultation with TfNSW, together with an assessment of pedestrian and cyclist safety and consideration of the relationship with design and operation of the station.

Thank you again for the opportunity to provide feedback on the above development application. Should you require clarification of any issue raised, please don't hesitate to contact Robert Rutledge, Transport Planning Manager, Land Use Planning and Development at Robert.rutledge@transport.nsw.gov.au.

Yours sincerely

29/4/2021

Robert Rutledge
