To whom it may concern,

Subject: Sancrox Quarry Expansion Project - SSD7293 – RTS.

Thank you for the opportunity to provide advice on the above matter. This is a response from the NSW Department of Regional NSW – Mining, Exploration and Geoscience (MEG) – Geological Survey of NSW (GSNSW).

MEG has reviewed the Response to Submissions Report (dated 20 May 2021) and notes that Hanson is willing to accept a condition that would require it provides annual production data for the Sancrox Quarry to the Division of Resources and Geoscience.

MEG notes that we have received the 2015 Hanson resource report requested in our EIS response (Our Ref DOC19/968407).

Queries regarding the above information should be directed to the MEG - Land Use team at landuse.minerals@geoscience.nsw.gov.au.

Yours sincerely,
