Dear Ms Lucas

Notice of Exhibition of amended application for Angus Place Extension Project (SSD 5602)

Thank you for your referral dated 10 March 2020 inviting comments from the Heritage Council of NSW on the above amended State Significant Development proposal.

The subject site is not listed on the State Heritage Register (SHR), nor is it in the immediate vicinity of any SHR items. Further, the site does not contain any known historical archaeological deposits. However, in accordance with comments provided in 2018, the following consent conditions are recommended:

Unexpected historical archaeological relics

The applicant must ensure that if unexpected archaeological deposits or relics not identified and considered in the supporting documents for this approval are discovered, work must cease in the affected area(s) and the Heritage Council of NSW must be notified. Additional assessment and approval may be required prior to works continuing in the affected area(s) based on the nature of the discovery.

Reason: This is a standard condition to identify to the applicant how to proceed if historical archaeological deposits or relics are unexpectedly identified during works.

Aboriginal objects

Should any Aboriginal objects be uncovered by the work which is not covered by a valid Aboriginal Heritage Impact Permit, excavation or disturbance of the area is to stop immediately and the Department of Planning, Industry and Environment is to be informed in accordance with the *National Parks and Wildlife Act 1974* (as amended). Works affecting Aboriginal objects on the site must not continue until the Department of Planning, Industry and Environment has been informed and the appropriate approvals are in place. Aboriginal objects must be managed in accordance with the *National Parks and Wildlife Act 1974*.

Reason: This is a standard condition to identify to the applicant how to proceed if Aboriginal objects are unexpectedly identified during works.

The Department does not need to refer subsequent stages of this proposal to the Heritage Council of NSW.

If you have any questions regarding the above advice, please contact Anna London, Senior Customer Strategies Officer at Heritage NSW, on 9873 8608 or anna.london@environment.nsw.gov.au.

Yours sincerely
