Thomas Bertwistle
Planning and Assessment Group
Department of Planning, Industry and Environment
4 Parramatta Square, 12 Darcy Street
Parramatta NSW 2150

Dear Mr Bertwistle

Subject: Request for input on the applicant's Response to the Department's Request for Further Information Elizabeth Drive Subdivision (SSD-8859)

Thank you for your email received on 10 August 2021 requesting input from the Environment, Energy and Science Group (EES) on the applicant's *Response to the Department's Request for Further Information Elizabeth Drive Subdivision (SSD-8859)* dated 3 August 2021 at 1111-1116 Elizabeth Drive, Cecil Park.

EES has reviewed the additional information and provides the following comments regarding biodiversity and flood risk management issues.

Biodiversity

EES has reviewed the amended Biodiversity Development Assessment Report (BDAR) dated June 2021 and considers that its previous comments on the BDAR have been adequately addressed.

As you are aware, EES's previous comments dated 9 November 2020 included several recommended conditions of consent. If a determination is made to approve the development and grant consent, EES's previous recommended conditions of consent remain relevant.

Flood risk management

EES does not have any further comments regarding flood risk management.

Should you have any queries regarding this matter, please contact Marnie Stewart, Senior Project Officer Planning on 9995 6868 or Marnie.stewart@environment.nsw.gov.au.

Yours sincerely

30/08/21

Susan Harrison
Senior Team Leader Planning
Greater Sydney Branch
