Dear Mr Hodgkinson

Subject: Luddenham Resource Recovery Facility – SSD 10446 - SEARs

Thank you for your request for our input into SEARs for the above project. This is a response from the NSW Department of Planning, Industry & Environment – Division of Resources & Geoscience.

The Division has reviewed the Scoping Report for the project and has no additional requirements to the general SEARs issued.

However, should Biodiversity Offsets be considered, we request that the Geological Survey of NSW – Land Use Assessment team be consulted. Consultation should be directed to the GSNSW - Land Use team at landuse.minerals@geoscience.nsw.gov.au.

Yours sincerely,
