Dear Ms Flynn

**GROUNDWATER MANAGEMENT PLAN
Sunrise Project – Condition 30(c) DA 374-11-00**

I refer to the Groundwater Management Plan (August 2021, Revision 2), prepared for the Sunrise Project to satisfy the conditions of Condition 30(c), Schedule 3 of Development Consent DA 374-11-00, and provided to the NSW Environment Protection Authority (EPA) via the major Projects planning portal (PAE-26593184) for comment.

The EPA encourages the development of Environmental Management Plans/Programs to ensure that proponents have determined how they will meet their statutory obligations and environmental objectives as specified by any Project Approval and/or conditions of an Environment Protection Licence.

Please note that it is not the EPA's role to endorse management plans given that the EPA sets conditions/criteria for environmental protection and management and therefore cannot be directly involved in the development of strategies to comply with such conditions/criteria.

If you have any questions regarding this matter, please contact Mr Andrew Helms at the Regional South (Bathurst) Office of the EPA on 6333 3805 or via e-mail at EPA.Southopsregional@epa.nsw.gov.au.

Yours sincerely
