Dear Mr Groundwater

Response to Submission comments for Victoria Cross Station - Stage 2 (SSD-10294)

Thank you for your referral dated 5 May 2020 inviting comments from the Heritage Council of NSW on the above State Significant Development Response to Submissions.

The Heritage Council of NSW provided comments on the Environmental Impact Statement for this project on 14 November 2019. In those comments, it was noted the subject site is not listed on the State Heritage Register (SHR), nor is it in the immediate vicinity of any SHR items, and the investigation of archaeological potential of the area was a requirement of the previously approved CSSI 15_7400.

Therefore, as there were no heritage issues raised in that correspondence, there is no need for the Heritage Council to provide further comment.

The Department does not need to refer subsequent stages of this proposal to the Heritage Council of NSW.

If you have any questions please contact Gary Hinder, A/ Senior Heritage Assessment Officer, at Gary.Hinder@environment.nsw.gov.au or on 9873 8547.

Yours sincerely
