Hi Sally

I have completed a review of the proposed modification **SSD-7704-MOD-3** for Rushes Creek Poultry Farm.

TfNSW notes that that Major Project approval includes appropriate conditions to manage access and driver behaviour.

The approved plans of management should be updated where relevant to address the proposed changes.

TfNSW has no further comments or requirements in response to the proposed modification.

A copy of this response will be uploaded to the Major Projects portal to close out our advice.

If the Department has any specific queries then please reach out for further discussion

Best Regards
