Dear Ms Dunn

**Subject:** Maryvale Solar Farm MOD 1 – Battery Energy Storage System (SSD 8777 Mod 1)

Thank you for the opportunity to provide advice on the above matter. This is a response from the NSW Department of Regional NSW – Mining, Exploration & Geoscience (MEG) – Geological Survey of NSW (GSNSW).

MEG-GSNSW has reviewed the modification report and notes that the proposed modification will not increase Maryvale Solar Farm's approved project footprint and as such MEG-GSNSW has no resource sterilisations concerns with the application.

Queries regarding the above information should be directed to the MEG-GSNSW Land Use team at [landuse.minerals@geoscience.nsw.gov.au](mailto:landuse.minerals@geoscience.nsw.gov.au).

Yours sincerely,
