Hi Lander,

Heritage NSW has reviewed the Wallerawang Battery Energy Storage System (SSD-14540514) (Lithgow City) - Environmental Impact Statement (EIS) - with respect to Aboriginal cultural heritage (ACH). Heritage NSW has reviewed - *Appendix F - Aboriginal Cultural Heritage Assessment Report – Wallerawang Battery Energy Storage System (SSD-14540514) (Lithgow City) prepared by NGH, October 2021*, as requested. Please note that in future, NGH needs to supply an accessible copy of the ACHAR - due to limited recourses and tight timeframes requested by DPE, accessible documents are a necessity for timely responses to be provided. Due to this issue, I am only providing an email in response to the EIS.

Heritage NSW considers the assessment provided in the ACHAR as adequate, and as such, concurs with the recommendations provided. Heritage NSW has no additional comments or concerns in relation to this project and does not required any future referrals in relation to additional stages of the assessment process in relation to Aboriginal cultural heritage. Please contact me directly should you require any additional information.

Kind Regards
Nicole Davis
