9 March 2022

Javier Canon

Department of Planning Industry and Environment

**RE: Great Western Battery Energy Storage System – (SSD-12346552)**

The only *Key Fish Habitat* adjacent to the development footprint is Pipers Flat Creek. DPI Fisheries are satisfied that development will have no discernible impact on Pipers Flat Creek and therefore have no concerns with the EIS or proposed development.

Should you have any queries regarding this correspondence please contact me on (02) 6763 1255 or 0429 908 856.

D. Ward.

David Ward  
Fisheries Manager (Tamworth)
