Dear Ms Allan

**Notice of Exhibition of application for MOD 9 - Gas Management Infrastructure-Dendrobium Mine [SSD Modifications (DA60-03-2001-Mod-9)]**

Thank you for your referral dated 4 March 2022 inviting comments from the Heritage Council of NSW on the above State Significant Development proposal.

The subject project areas are not within any State Heritage Register (SHR) item. The subject activity areas are located within previously cleared areas. Activity Area A is located approximately 200m south-east of the Cordeaux Dam SHR curtilage (SHR 01360), while Activity Area B is located approximately 200m south-west of the SHR curtilage. Further, the site does not contain any known historical archaeological relics.

Therefore, no further heritage comments are required. The Department does not need to refer subsequent stages of this proposal to the Heritage Council of NSW.

If you have any questions regarding the above advice, please contact Veerle Norbury, Senior Heritage Assessment Officer at Heritage NSW on 9873 8616 or [veerle.norbury@environment.nsw.gov.au](mailto:veerle.norbury@environment.nsw.gov.au).

Yours sincerely
