### **REQUEST FOR ADVICE – MOD 9 – GAS MANAGEMENT INFRASTRUCTURE (DA60-03-2001-MOD-9)**

Dear Gabrielle

Transport for NSW (TfNSW) refers to the notification it received on 3 March 2022 regarding the above request for advice on Mod 9 – Gas Management Infrastructure. TfNSW has completed a review of the information provided (report from South 32 dated 11 February 2022) while focussing on the impact to the state road network.

TfNSW notes:

- The key state classified road is the Picton Road.
- The development will generate additional traffic during construction including Oversize and/or Overmass (OSOM) vehicles.

Having regard for the above, TfNSW requests the condition outlined in **Attachment 1** be included in any consent issued for the Modification Application. If you have any questions, please contact Timothy Mahoney on 9549 9966. Please ensure that any further email correspondence is via the NSW E-Planning Portal.

Yours faithfully

Timothy Mahoney  
Development Case Officer  
Community and Place | South Region

## **Attachment 1**

1. The Proponent must obtain permits under the Heavy Vehicle National Law (NSW) for the use of any OSOM vehicles on the public road network prior to their use. Permits are obtained from the TfNSW Special Permits Unit (Email: [spu@rms.nsw.gov.au](mailto:spu@rms.nsw.gov.au) Address: PO Box 94 Glen Innes NSW 2370).
