Subject: Request for Advice: New Request for Advice - SCEGGS Darlinghurst - Modification 3 (SSD-8993-Mod-3)

Dear Mr Devine

Thank you for your email received 3 March 2022 requesting comments on the above proposal. Environment, Energy and Science Group (EES) has reviewed the proposed modification.

EES does not consider that the extent of the proposed modifications to the building envelope will result in a significant increase to flooding aspects, over that previously assessed. To assist in the consideration of the modification under section 7.17(2)(c) of the Biodiversity Conservation Act 2016, EES considers there will be no additional impacts to biodiversity values.

If you have any queries please contact David Way, Senior Conservation Officer via David.Way@planning.nsw.gov.au or 02 8275 1324.

Yours sincerely,

Senior Team Leader
