Dear Kendall

**Planning Proposal – Cedar Mill Hunter Valley - SSD-39121472 - PAE-39263325 – EREZ21-00019**

I refer to your request through the Major Projects Portal for Subsidence Advisory NSW's (Subsidence Advisory's) comment on the planning proposal referred to above.

Records indicate that the proposal is located outside of a declared Mine Subsidence District (MSD), outside of a current coal exploration or mining title and within an area where historical underground mine workings are not present.

Subsidence Advisory therefore has no comment on the proposal.

Please contact me on (02) 4908 4300 or at [subsidedevelopment@customerservice.nsw.gov.au](mailto:subsidedevelopment@customerservice.nsw.gov.au) if you have any questions or wish to discuss.

Yours sincerely

**Kieran Black**  
**Technical Specialist**
