Dear Ms Hawkeswood

Request for Advice – Bowdens Silver Mine (SSD-5765)

Thank you for your referral dated 26 April 2022 requesting advice from Heritage NSW on the above State Significant Development (SSD).

Heritage NSW recommended on 23 July 2020 that in consultation with the RAPs, the applicant undertake an artefact analysis program post project approval and develop skill share opportunities to participate in the analysis for interested members of the RAPs (see DOC20/586040).

We note the 'Amendment Submissions Report SSD 5765' (R. W. Corkery & Co Pty Ltd, March 2022) contains a proposal for an Indigenous Technical Heritage Monitorship Program to address this recommendation from Heritage NSW. Heritage NSW supports this approach to address our recommendation for skill share opportunities in artefact analysis.

Heritage NSW requests an opportunity to comment on the draft Heritage Management Plan, should the project be approved.

If you have any questions regarding the above advice, please contact Lyndon Patterson, Senior Assessment Officer, Heritage Assessments at Heritage NSW, on 02 6022 0619 or Lyndon.Patterson@environment.nsw.gov.au.

Yours sincerely

Kym McNamara
Senior Assessments Officer
Heritage NSW
Department of Premier and Cabinet
