Subject: **Dendrobium Mine - MOD9 - Gas Management Infrastructure (DA60-03-2001-Mod-9)**

Dear Mr Blane,

I refer to your request for advice sent on 27 April 2022 to the Department of Planning and Environment (DPE) Water about the above matter.

The proposed modification is to construct additional gas management infrastructure and ancillary infrastructure at the site of the existing Dendrobium No. 2 and 3 ventilation shafts.

The RTS has been reviewed by DPE Water and all requirements have been adequately addressed by the proponent, therefore DPE Water has no further comments.

Should you have any further queries in relation to this submission please do not hesitate to contact DPE Water Assessments at water.assessments@dpie.nsw.gov.au or to the following coordinating officer within DPE Water:

Alistair Drew – Project Officer
