Attention: Jeffery Pang

Dear Mr Peng,

SSD-13855453: Lot: Lot: 1 DP1022013, Lots: 1-3 DP1206485 and Lot: 22 DP866857, 1130 Gooloogong Road, Grenfell, Grenfell Poultry Breeding Farm

Thank you for referring concept design for the Basic Left (BAL) and Basic Right (BAR) Turn Treatments to TfNSW inviting comment from Transport for NSW (TfNSW).

TfNSW's has reviewed the provided plan and is generally supportive of the proposed Basic Left (BAL) and Basic Right (BAR) as the warranted turn treatment for the intersection upgrade at Gooloogong Road however, the provided swept path diagrams demonstrate the proposed design results in turning vehicles deviating from the correct lane in order to achieve the turn movements in an unsafe manner.

The proposed design is to be modified to ensure;

- The vehicles do not cross to the opposing traffic lane to effect the turn in or out of the access driveway.
- The vehicles do not encroach on the BAR to achieve the right turn in.

Please forward a copy of the supporting documentation outlined above to TfNSW via development.west@transport.nsw.gov.au. Following the submission, TfNSW will review the application as a whole and provide formal advice related to roads and traffic operations. If you have any questions or wish to discuss this matter further, please contact Howard Orr on ph. 0417 125 741.

Yours faithfully

Howard Orr
