Energy and Resource Assessments
Department of Planning and Environment
Locked Bag 5022
Parramatta NSW 2124

Dear Sir/Madam

**RE: SSD-9176045- TOMINGLEY GOLD EXTENSION PROJECT, NARROMINE SHIRE COUNCIL
– PAE-37679456 PUBLIC AUTHORITY CONSULTATION**

Reference is made to the above-mentioned project and the Submissions Report prepared by RW Corkery & Co Pty Limited.

No further comments are made with regard to the issues raised in Council's submission. However, it is noted that the 'Revised Integrated Transport Assessment' (Appendix 4 of the Submissions Report) commits to local road upgrades (Kyalite Road, McNivens Lane and Back Tomingley Road):

"The design and construction of these upgrades shall be in accordance with the NSC 'Engineering Guidelines for Works within Narromine Shire' and any other specific design and construction requirements defined in the SEARs."

It should be noted that the Guidelines referenced are not endorsed by Council and are draft only. The proponent should continue to liaise with Council's Department of Infrastructure & Engineering Services to ensure the road standards are implemented in the design.

Please contact the undersigned on 6889 9999 if you have any queries or would like to discuss the proposal further.

Yours faithfully

Emma Yule
Manager Planning
