**Dear Mandana,**

**Re: Advice on Response to Submissions (RTS) – TOMINGLEY GOLD EXTENSION PROJECT – TOMINGLEY WEST ROAD (SSD-9176045)**

Fire and Rescue NSW (FRNSW) acknowledge correspondence received on the 18 May 2022, requesting advice on the RTS for TOMINGLEY GOLD EXTENSION PROJECT – TOMINGLEY WEST ROAD (SSD-9176045). FRNSW have reviewed the Submissions Report and along with Appendix 17 SEPP 33 Risk Screening and Preliminary Hazard Analysis.

It has been the experience of FRNSW that potentially hazardous developments pose special problems of firefighting and special hazards exist that may require additional fire safety and management measures. Due to these unique challenges FRNSW make the following recommendations:

1. That a comprehensive Emergency Response Plan (ERP) is developed for the site in accordance with HIPAP No.1<sup>1</sup> and to the satisfaction of FRNSW.
2. That an Emergency Services Information Package (ESIP) be prepared in accordance with FRNSW fire safety guideline – Emergency services information package and tactical fire plans.<sup>2</sup>

For further information please contact the Operational Liaison and Special Hazards Unit, referencing FRNSW file number BFS22/2271. Please ensure that all correspondence in relation to this matter is submitted electronically to [firesafety@fire.nsw.gov.au](mailto:firesafety@fire.nsw.gov.au).

Yours sincerely,

Superintendent John Hawes  
Manager  
Operational Liaison Special Hazards Unit
