10 June 2022

---

Subject: **Walla Walla Solar Farm Mod 2 (SSD-9874-Mod-2) Response to Submissions (RTS)**

Dear Mr Nixey

I refer to your request for advice sent on 10 June 2022 to the Department of Planning and Environment (DPE) Water about the above matter.

The project involves changes to project layout to increase solar array within the existing development footprint and additional creek crossing, as well as increases to vegetation clearing within the site and the maximum daily truck numbers.

The RTS has been reviewed by DPE Water and all requirements have been adequately addressed by the proponent, therefore DPE Water has no further comments.

Should you have any further queries in relation to this submission please do not hesitate to contact DPE Water Assessments at [water.assessments@dpie.nsw.gov.au](mailto:water.assessments@dpie.nsw.gov.au) or to the following coordinating officer within DPE Water:

Alistair Drew, Project Officer - email: [alistair.drew@dpie.nsw.gov.au](mailto:alistair.drew@dpie.nsw.gov.au)

Yours sincerely,

A handwritten signature in black ink, appearing to read "Alistair Drew".

Alistair Drew
