### Rye Park Wind Farm Mod 2

The Department of Planning and Environment – Crown Lands have reviewed the proposal.

No additional Crown land, roads or waterways have been identified as impacted by this application for modification to Development Consent – State Significant Development 6693.

However, it is noted that the location of the proposed drainage works within the road reserve are occurring within a public road reserve under the control of Hilltops Council.

The intended use of a portion of the existing formation of Walla lane, identified as a Crown Public Road, is authorised under Crown licence 622918 the purpose of access.

Should any works be required on this portion of Crown Public road then approval via a road works application under s71 of the Roads Act will be required, in addition the relevant section of road may need to be transferred to Council. More information regarding Crown roads can be found at the following link: <https://www.industry.nsw.gov.au/lands/access/roads>

If the proponent requires further information, or has any questions, please contact Sue Shallis, A/Senior Property Management Officer in Crown Lands, on 4824 3761 or at [sue.shallis@crowmland.nsw.gov.au](mailto:sue.shallis@crowmland.nsw.gov.au).
