Attn: Sally Munk

Re: PAE-50113711 – Woodlawn Advanced Energy Recovery Centre - (SSD-21184278)

Dear Ms Munk,

Thank you for your referral of this State Significant Development (SSD) application dated 3 November 2022 to DPI Fisheries, a division of NSW Department of Primary Industries.

DPI Fisheries is responsible for ensuring that fish stocks are conserved and that there is no net loss of key fish habitats upon which they depend. To achieve this, DPI Fisheries ensures that developments comply with the requirements of the *Fisheries Management Act* (FM Act) (namely the aquatic habitat protection and threatened species conservation provisions in Parts 7 and 7A of the Act, respectively), and the associated *Policy and Guidelines for Fish Habitat Conservation and Management* (2013).

DPI Fisheries has reviewed the proposal and provides the following advice on the EIS as requested:

- The EIS identifies that there are no watercourses within the development footprint of works, as such DPI Fisheries does not provide any comment on this proposal or require any future consultation on this development.

For any further information, please contact me on 02 6496 8203 or mick.bettanin@dpi.nsw.gov.au.

Sincerely

Mick Bettanin

Fisheries Manager, Coastal Systems
