Blessed Carlo College Moama - EIS (SSD-24262975) (Murray River)

Dear Nahid

Thank you for the opportunity to provide comment on the Blessed Carlo College Moama - EIS (SSD-24262975) (Murray River)

The NSW Department of Primary Industries (DPI) Agriculture collaborates and partners with our stakeholders to protect and enhance the productive and sustainable use and resilience of agricultural resources and the environment.

DPI Ag notes that, while the project is located within a Moama North West urban release area already zoned Residential R1, not all the residential zoned land has been developed and agriculture is still being conducted on lands adjoining the proposed school site.

DPI Ag has reviewed the EIS against the issued SEARs. As the proposal is likely to have negligible or minimal impacts on agriculture, no further comments are required.

Should you require clarification on any of the information contained in this response, please do not hesitate to contact Lilian Parker on 0427812508 or by email at landuse.ag@dpi.nsw.gov.au

Yours sincerely

Lilian Parker
