**Sydney Olympic Park – Over and Adjacent Station Development (SSD 35283699)
No Comment on Environmental Impact Statement**

Dear Ms Bizimis

I refer to your invitation to the NSW Environment Protection Authority (EPA) to provide on the Environmental Impact Statement for the proposed Sydney Olympic Park Over and Adjacent Station Development.

On 3 February 2022 the EPA wrote to the Department of Planning and Environment commenting that no further consultation on this proposal was required.

The proposal's supporting documents include a Contamination Report. Please note that under section 60 of the Contaminated Land Management Act (1997), the EPA must be notified of any contamination that meets certain triggers. These are outlined in the *Guidelines on the duty to report contamination under the Contaminated Land Management Act 1997*.

Please contact Damien Rose on 9995 5586 or email environmentprotection.planning@epa.nsw.gov.au if you wish to discuss this matter.

Yours sincerely

MITCHELL BENNETT
