Record Number: 22/05371#64

[Planning Number: SSD-13166280](#)

Blind Creek Solar Farm

The Department of Planning and Environment – Crown Lands have reviewed the revised proposal.

No additional Crown land or roads have been identified as impacted by this application - Advice on RTS – State Significant Development 13166280 and the previous advice relating to use and access to Crown land/roads/ and Lineal Infrastructure (e.g. Pipelines and/or Electricity Transmission lines) traversing Crown land/roads still applies .

However, it was noted that there is an intention to upgrade two existing low-level crossings on Wrights Creek & Blind Creek. Crown Lands requests further information on the location of these crossings to determine if the Crown has an interest in the waterways. If an interest is identified the proponent would need to engage with the Department to confirm if there is a pathway that facilitates the proposed upgrades. Early engagement will be required to avoid impacts to development schedules.

If the proponent requires further information, or has any questions, please contact Sue Shallis, Senior Property Management Officer in Crown Lands, on 4824 3761 or at sue.shallis@crownland.nsw.gov.au.

Yours sincerely

Danny Young
