Subject: **Blind Creek Solar Farm (SSD-13166280) – Response to Submissions (RTS)**

Dear Kurtis Wathen,

I refer to your request for advice sent on 18 November 2022 to the Department of Planning and Environment (DPE) Water about the above matter.

This project proposal is for the development of a 350 MW solar farm with battery storage and associated infrastructure.

DPE Water has reviewed the RTS and is satisfied with the information provided. DPE Water recommends the following be addressed in conditions of consent for the project.

Post approval recommendation

- The proponent must address the Guidelines for Controlled Activities on Waterfront Land (2018) in consultation with DPE Water. This is to include the design of a riparian corridor for Wrights Creek.

Should you have any further queries in relation to this submission please do not hesitate to contact DPE Water Assessments [water.assessments@dpie.nsw.gov.au](mailto:water.assessments@dpie.nsw.gov.au) or to the following coordinating officer within DPE Water:

Tim Baker – Senior Project Officer
