Subject: Penrith Glass Plan Modification – Modification 3 Penrith Glass Recycling Volume Increase (SSD-5267) - Modification Report

Dear Emma Barnet

I refer to your request for advice sent on 1 December 2022 to the Department of Planning and Environment (DPE) Water about the above matter.

The Modification Proposal seeks to upgrade processing equipment through a project called the Glass Recovery Maximisation Project, which has been enabled with assistance of a Remanufacture NSW grant, and to increase the processing throughput of the Site by 75,000 tonnes per annum (tpa) to 225,000 tpa

The Modification Report has been reviewed by DPE Water and all requirements have been adequately addressed by the proponent, therefore DPE Water has no further comments.

Should you have any further queries in relation to this submission please do not hesitate to contact DPE Water Assessments at water.assessments@dpie.nsw.gov.au or the following coordinating officer within DPE Water:

Liz Rogers, Manager Assessments

E: liz.rogers@dpie.nsw.gov.au

Ph: 0428 600 421

Yours sincerely,

A handwritten signature in blue ink that reads "Liz Rogers".
