

2 March 2023

Department of Planning & Environment
Locked Bag 5022
Parramatta NSW 2124

APPLICATION NO: DA391/80-Mod-9 (Our Ref. 25-2023-6-1)
PROPOSAL: Tomago Aluminium Smelter Modification
PROPERTY: 638 Tomago Road, TOMAGO (LOT: 104 DP: 1125747)

Attention: Emma Barnet

Dear Madam,

Thank you for your correspondence dated 15 February 2023 requesting Council's comments for the above development. Council has reviewed the Modification Report and makes the following comments.

Air Quality

All mitigation measures as proposed in Appendix H of the Katestone Environmental Pty Ltd Air Quality Assessment dated January 2023 should be adopted including proposed measures for management of construction dust.

Ambient and in-stack monitoring in accordance with the requirements of EPL 6163 currently undertaken by Tomago Aluminium should continue.

Noise

A construction noise management plan including the indicative noise mitigation measures identified in tables 6.1 and 6.2 of the GHD Noise and Vibration Assessment should be adopted during the facilities construction phase.

Substantially the same development

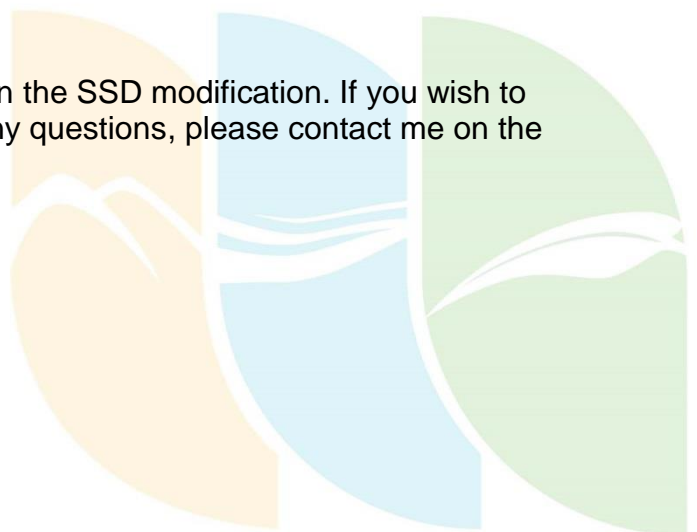

Council is satisfied the proposed modification is substantially the same development and can be assessed per Section 4.55(2) of the *Environmental Planning and Assessment Act 1979*.

Thank you for the opportunity to comment on the SSD modification. If you wish to discuss the matters raised above or have any questions, please contact me on the number below and I will be happy to help.

Yours Faithfully

Isaac Lancaster
Senior Development Planner
