Dear Mr Burns,

MP07_0048-MOD-3 – Enviroking Liquid Waste Facility Project

Thank you for your Major Projects Planning Portal referral dated 12 May 2023, requesting WaterNSW's advice in relation to the above Modification application and report.

Please note that as the subject site is not located close to any WaterNSW land or assets, and as a Major Project any flood works or licensing approvals will be assessed by others, the risk to water quality is considered to be low and WaterNSW has no comments or particular requirements.

WaterNSW requests that the Department continues to notify us of all developments that may impact on our assets, infrastructure or land, using the email address Environmental.Assessments@waternsw.com.au. If you have any questions regarding this letter, please contact me at alison.kniha@waternsw.com.au.

Yours sincerely
