**SUBMISSION FROM INNER WEST COUNCIL TO THE
MODIFICATION 2 - CONSTRUCTION METHOD CHANGE TO TBM (SSI-8863-MOD-2)**

Dear Ingrid,

Please find attached the submission from Inner West Council in response to the Western Harbour Tunnel Modification 2 project (SSI-8863-Mod-2).

As previously raised, Council had issues uploading the submission to the DPE Major Projects portal and as per your advice Council has made the submission via email to yourself directly before the closing date in the interim on 15 August 2023.

As Councillor's have had a briefing with TfNSW on the submission date, I understand you are providing Council the opportunity to integrate any comments raised by this Friday 18 August 2023 in the form of an addendum.

It should be noted Council has a long-standing position of opposing inner-Sydney motorways, including WestConnex and WHT, and in principle we are opposed to this project, however we are willing to provide comments raising key issues of concern in this submission in the hope they are addressed as part of the modification.

Yours sincerely,

A handwritten signature in black ink, appearing to read "A.D. Wickramasinghe", with a long horizontal stroke extending to the right.

Manod Wickramasinghe
A/Director Infrastructure
