Dumaresq Solar Farm

The Department of Planning and Environment – Crown Lands has reviewed the proposal.

No Crown land/roads/waterways is/are contained within the project footprint, however, Crown land being Crown Reserve 63952 (Lot 7300 DP 1151506, Travelling Stock Reserve) adjoins the project footprint, to the west. If the proposal requires the use of these Crown land/road(s) in order to implement the Dumaresq Solar Farm proposal (for example power line easements or access), the land or easement will either need to be acquired under the *Land Acquisition (Just Terms Compensation) Act 1991* (LATJC Act) or licenced under the *Crown Lands Management Act 2016*.

Further information regarding Crown land and the LATJC Act is located at the following link: <https://www.crownland.nsw.gov.au/resources/purchase-crown-lands/compulsory-acquisition> and for licencing at <https://www.crownland.nsw.gov.au/licences-leases-and-permits/do-i-need-licence-or-lease>

If the proponent requires further information, or has any questions, please contact Warren Martin, Natural Resources Management Project Officer in Crown Lands, on 02 67703118 or at warren.martin@crownland.nsw.gov.au.

Yours sincerely
