

Subject: Macarthur Health Precinct Stage 2 SSD-52066209 - Campbelltown Council response

Macarthur Health Precinct Stage 2

Thank you for the opportunity to comment on the State significant development proposal for the Macarthur Health Precinct Stage 2.

Council supports the project noting that it will:

1. Contribute to local and regional economic development with a capital investment exceeding \$68M;
2. Create up to 124 construction jobs and a further 225 operational jobs;
3. Deliver health services for the existing and new communities within Campbelltown and the wider Macarthur region.

Council also notes the project's strategic alignment with:

1. *Campbelltown Community Strategic Plan 2032* as it will contribute to equitable access to services, a strong and vibrant economy and healthy communities.
2. *Reimagining Campbelltown City Centre Master Plan* by supporting the emerging "Macarthur Health, Knowledge and Innovation District".

Design

Council notes the design advice provided by the Government Architect NSW through the *State Design Review Panel* as well as the advice provided by the *Campbelltown Desing Excellence Panel*.

Council encourages the Department to consider this advice carefully in the assessment of the project, particularly noting the prominent nature of this location and its broad visual catchment from a range of elevations.

Council recognises this location and precinct as being amongst the most important in Campbelltown, and anticipates a commensurate design response.

Contributions

Council requests local infrastructure contributions be included in any development consent granted for the project in accordance with the *Campbelltown Local Infrastructure Contributions Plan 2018 (as amended)*. In this instance, the levy rate would be 1% of the Capital Investment Value.

Thank you,

Karl Okorn
