Dear Megan,

Re: Advice on Environmental Impact Statement (EIS) - ALEXANDRIA HEALTH CENTRE – 28-32 BOURKE ROAD, ALEXANDRIA NSW 2015 (SSD-59006709)

Fire and Rescue NSW (FRNSW) acknowledge correspondence received on the 6 March 2024, requesting advice on the EIS for ALEXANDRIA HEALTH CENTRE – 28-32 BOURKE ROAD, ALEXANDRIA NSW 2015 (SSD-59006709). FRNSW have reviewed the EIS with particular focus to Section 3 Project Description, along with Appendix MM Preliminary Hazards Analysis.

It is deemed that the proposal has limited scope and application in regard to special hazards or special problems of firefighting. FRNSW submit no comments or recommendations for consideration, nor any requirements beyond that specified by applicable legislation.

While there is currently no requirement for a Fire Safety Study, FRNSW may recommend one be undertaken at a later stage should information be provided such that the development is deemed to pose special problems of firefighting or special hazards exist that require additional fire safety and management measures.

For further information please contact the Operational Liaison and Special Hazards Unit, referencing FRNSW file number BFS24/1258. Please ensure that all correspondence in relation to this matter is submitted electronically to firesafety@fire.nsw.gov.au.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'James O'Carroll', written over a horizontal line.

Superintendent James O'Carroll
Manager
Operational Liaison and Special Hazards Unit
