ADVICE RESPONSE: Seaham Quarry Project

Stage: Advice on Environmental Impact Statement

Development Application: SSD-59254474

Dear Kristina

I refer to your correspondence dated 17 April 2024 inviting the Department of Regional NSW – Mining, Exploration and Geoscience (MEG) to provide comments on the Seaham Quarry Project (the Project), submitted by Boral Resources Pty Ltd (the Proponent).

MEG has reviewed the information supplied and notes that the Project does not involve the recovery of Scheduled Minerals identified under Schedule 1 of the Mining Regulation 2016. Accordingly, MEG has no further comment to make on this Project.

MEG's previous advice dated 27 June 2022 foreshadowing a condition of consent to provide annual production data to MEG is not required.

For further advice on this matter, please contact Giselle Carney, Senior Advisory Officer, Industry Advisory and Mining Concierge - Industry Development on 02 4063 6860 or mining.concierge@regional.nsw.gov.au.

Sincerely

Scott Anson
