Nyngan Battery Energy Storage System

The Department of Planning, Housing and Infrastructure – Crown Lands has reviewed the proposal.

As identified in the scoping report; authority to use, traverse, access or build infrastructure on Crown land is required under the *Crown Land Management Act 2016*. It is recommended that the proponent contact Crown Lands as early as possible to discuss and initiate the processes required to authorise the use of and/or access to Crown land.

If infrastructure needs to be built on Crown land, the consent of the Minister for Water, Property and Housing must be obtained, via Crown Lands. Further information regarding land owner's consent for Crown land can be found at the following link:

<https://www.crownland.nsw.gov.au/resources/guides-and-factsheets>

Lineal Infrastructure (e.g. Electricity Transmission lines) traversing Crown land/roads

The scoping report has identified lineal infrastructure (electricity transmission lines) will traverse Crown land, an easement over the Crown land will be required for protection of the infrastructure. To discuss easement requirements, please contact the Acquisitions team at the earliest opportunity at: cl.acquisitions@crownland.nsw.gov.au.

Further Information regarding the easement process is available at the below link: i

<https://www.crownland.nsw.gov.au/protection-and-management/easements>

As the easement process may be lengthy, it is also recommended that the proponent apply for a licence for the Crown land lot as soon as possible. A licence will temporarily authorise use and access for the infrastructure to traverse Crown land whilst the easement applications are being processed.

Details on how to apply for a licence are available at the below link:

<https://www.crownland.nsw.gov.au/licences-leases-and-permits/apply-or-manage-licence>

It is important to note that licences or easements must be in place before infrastructure can traverse Crown land.

Travelling Stock Reserves

Lot 7017 DP 1020095 is a Travelling Stock Reserve managed by Central West Local Land Services. Concurrence for the proposal on the subject land will need to be sought from LLS.

If the proponent requires further information, or has any questions, please contact Jacky Wiblin, Group Leader in Crown Lands, on 0268835427 or at jacky.wiblin@crowmland.nsw.gov.au.

Yours sincerely

Jacky Wiblin
