Keri Keri Wind Farm (SSD-38358962) – EIS exhibition

Dear Ms Clear,

Thank you for your referral dated 23 May 2024 seeking WaterNSW's comment on the Environmental Impact Statement (EIS) for the Keri Keri Wind Farm located approximately 30 kilometres (km) southeast of Balranald. WaterNSW has reviewed the EIS and found that the proposal is not located near any WaterNSW land, assets or infrastructure, therefore we have no particular comments or requirements regarding the proposal.

Should the extraction of water from existing or new groundwater bores or water from other sources covered under the relevant water sharing plan be required, the proponent will need to apply for a Water Access Licence (WAL). Any such request will be assessed at time of application and are subject to availability.

WaterNSW requests the Department continues to consult with WaterNSW for any development that may impact on our assets, infrastructure or land, using the email address Environmental.Assessments@waternsw.com.au.

If you have any questions regarding this letter, please contact Justine Clarke via email at justine.clarke@waternsw.com.au.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Alison Kniha", with a long horizontal flourish extending to the right.

ALISON KNIHA
Environmental Planning Assessments & Approvals Manager
