Locked Bag 5022
PARRAMATTA NSW 2124

Dear Ellen,

Re: Advice on Secretary's Environmental Assessment Requirements (SEARs) – KURRI KURRI INTEGRATED RESOURCE RECOVERY CENTRE – 1, 8 AND 10 STYLES STREET, 145 AND 147 MITCHELL AVENUE (SSD-71547218)

Fire and Rescue NSW (FRNSW) acknowledge correspondence received on 4 June 2024, requesting input into the preparation of the SEARs for the KURRI KURRI INTEGRATED RESOURCE RECOVERY CENTRE – 1, 8 AND 10 STYLES STREET, 145 AND 147 MITCHELL AVENUE (SSD-71547218). FRNSW have reviewed the SEARs along with the Table 3.1 Existing and proposed operations.

FRNSW notes the proposal of a Waste Facility. Waste facilities present special problems of firefighting and special hazards exist that may require additional fire safety and management measures. Below are publicly available resources that may assist in the planning and design stages of this project:

1. Access for fire brigade vehicles and firefighters¹ is a FRNSW guideline document that may be used to ensure the provision of safe, efficient, and effective access for fire brigade vehicles to any premises and allow firefighters to rapidly intervene when a fire or other emergency incident occurs.
2. Fire safety in waste facilities² is a FRNSW guideline document that may be used to provide guidance on fire safety in waste facilities, including adequate provision for fire safety and facilitate safe fire brigade intervention to protect life, property and the environment.

There is currently insufficient information available regarding the fire safety and emergency response management aspects of the project. If required, FRNSW will review and provide comment at the Exhibition stage of the project.

For further information please contact the Operational Liaison and Special Hazards Unit, referencing FRNSW file number BFS24/3288. Please ensure that all correspondence in relation to this matter is submitted electronically to firesafety@fire.nsw.gov.au.

Yours sincerely,

Superintendent James O'Carroll
Manager
Operational Liaison and Special Hazards Unit
