## Input to SEARs – State Significant Development

**Proposal: Kiora One Recycling Centre**

**Major Project reference: SSD-72229458**

**Address: 5 Kiora Crescent, Yennora (Lot 10 in DP 1233715)**

**Received: 20 June 2024**

Dear David,

Thank you for your referral seeking input to the Secretary's Environmental Assessment Requirements for the above State Significant Development proposal. In preparing this advice Heritage NSW has reviewed the following documents:

- Relevant sections of the Secretary's Environmental Assessment Requirements (SEARs): Scoping Report – prepared by Mike Ritchie & Associates Pty Ltd, dated 18 June 2024.

Heritage NSW recommends that the following Secretary's Environmental Assessment Requirements be included with respect to Aboriginal cultural heritage in relation to the proposed Kiora One Recycling Centre (SSD-72229458).

- The Environmental Impact Statement should be informed by an Aboriginal Cultural Heritage Assessment Report, prepared in accordance with relevant policy and guidelines to identify, describe and assess any impacts to Aboriginal cultural heritage sites or values associated with the project. The Aboriginal Cultural Heritage Assessment Report must be prepared in accordance with the Guide to investigating, assessing and reporting on Aboriginal cultural heritage in NSW (2011) and the Code of Practice for Archaeological Investigation of Aboriginal Objects in NSW (2010), including results of archaeological survey and test excavations (where required) undertaken in accordance with the relevant standards and requirements;
- Include evidence of adequate and continuous consultation with Aboriginal parties in relation to determining and assessing impacts, identifying and selecting options for avoidance of Aboriginal

cultural heritage and identifying appropriate mitigation measures (including the final proposed measures) in substantial compliance with the consultation process outlined in the Aboriginal cultural heritage consultation requirements for proponents 2010
