[Planning Number: SSD-75680468](#)

Stoney Creek Battery Energy Storage System

The Department of Planning, Housing and Infrastructure – Crown Lands has reviewed the proposal.

No Crown land, roads or water ways are contained within the project footprint, however a Crown Road adjoins the project footprint, to the West (as shown in Attachment 1).

If the proposal requires the use of this Crown road in order to implement the Stoney Creek Battery Energy Storage System proposal, the Crown road will need to be transferred to Council, or application made to close and purchase the road.

As authority to access or use Crown roads is required prior to the commencement of any works or access, and to avoid any delays for the proposal, a tenure may be required in the interim.

More information regarding Crown roads and Enclosure permits can be found at the following links:
