SSD-55968733 - Burroway Solar Farm - EIS exhibition

Dear Ms Hatem,

Thank you for your Major Projects portal referral dated 11 October 2024, seeking WaterNSW's comment on the Environmental Impact Statement (EIS) for the Burroway Solar Farm. It is understood that the proposal is for the installation, operation, maintenance and decommissioning of a 100 MW solar farm with energy storage and associated infrastructure.

WaterNSW has reviewed the EIS and found that the proposal is not located near any WaterNSW land, assets or infrastructure. Therefore, we have no comments or requirements regarding the proposal.

However, if required, the applicant will need to apply for a Water Access Licence (WAL) from WaterNSW for the extraction of water from existing or new groundwater bores. Any such request will be assessed at the time of application.

WaterNSW requests that the Department continues to consult with us for any development that may impact on our assets, infrastructure or land, by emailing Environmental.Assessments@waternsw.com.au.

If you have any questions regarding this letter, please contact me at justine.clarke@waternsw.com.au.

Yours sincerely,

A handwritten signature in black ink, appearing to be "JC" followed by a flourish.

JUSTINE CLARKE
