ADVICE RESPONSE: Gundry Solar Farm
Stage: Environmental Impact Statement
Development Application: SSD-48225958

Dear Cameron

I refer to your correspondence dated 14 November 2024 inviting the Department of Primary Industries and Regional Development - NSW Resources to provide comments on the Gundry Solar Farm (Project) submitted by Lightsource Development Services Australia Pty Ltd (the Proponent).

NSW Resources has reviewed the information supplied in relation to the Project and based on the review has no specific comments in relation to *Mining Act 1992* considerations and raises no issues regarding the Project at this stage.

NSW Resources has no additional requirements to those in the draft SEARs and advises the Proponent to actively monitor the MinView map viewer at <https://minview.geoscience.nsw.gov.au> for mining title changes that may interact with this Project. NSW Resources can assist with title holder contact details if required.

For further advice on this matter, please contact Pamela Gould, GIS & Coordination Officer, Industry Advisory and Mining Concierge unit - Industry Development branch on 02 4063 6860 or mining.concierge@regional.nsw.gov.au.

Sincerely

Elisa Paull
