**To:** Jack.Turner@planning.nsw.gov.au  
**Subject:** Modification 1 - Pipeline Repurposing exhibition (ref. SSI-73202481-MOD-1)

Dear Mr Turner,

Thank you for providing a copy of the APA Group's modification proposal to convert the existing ethane pipeline that currently runs through the City of Campbelltown to natural gas.

Council has reviewed the submitted documentation.

Noting the change to risk profile and work done as part of the modification (including SEPP, HIPAP and assessments), Council does not raise objection to the proposal.

Should the modification be approved, Council would welcome receipt of the safety management study(s) that are prepared for relevant sites in the City of Campbelltown.

With regards,

**Andrew MacGee**
