ADVICE RESPONSE: Bannaby Battery Energy Storage System
Stage: Secretary's Environmental Assessment Requirements
Development Application: SSD-78810458

Dear Ewan,

I refer to your correspondence dated 6 January 2025 inviting the Department of Primary Industries and Regional Development - NSW Resources to provide comments on the Bannaby Battery Energy Storage System (the Project) submitted by The Trustee for Bannaby Unit Trust (the Proponent).

NSW Resources has reviewed the information supplied in relation to the Project and based on the review has no specific comments in relation to *Mining Act 1992* considerations and raises no issues regarding the Project at this stage.

NSW Resources has no additional requirements to those in the draft SEARs and advises the Proponent to actively monitor the MinView map viewer at <https://minview.geoscience.nsw.gov.au> for mining title changes that may interact with this Project. NSW Resources can assist with title holder contact details if required.

For further advice on this matter, please contact Sarah Maiorana, Project Officer, Industry Advisory and Mining Concierge unit - Industry Development branch on 02 4063 6860 or mining.concierge@regional.nsw.gov.au.

Sincerely

Giselle Carney

Senior Advisory Officer Industry Advisory and Mining Concierge - Industry Development
Department of Primary Industries and Regional Development – NSW Resources
