Your Ref: SSD-62863964

Director Major Projects
Department of Planning, Housing & Infrastructure
NSW Major Projects Portal

Attention: Emma Barnett
Review of Environmental Impact Statement for SSD-62863964, Drill Mud and Oily Water Recycling Facility (Description of Development) at Lot 1/-/DP787857; 134 Somersby Falls Road Somersby

I refer to the abovementioned State Significant Development Application referred to Transport for NSW (TfNSW) on 20 February 2025 for comment in accordance with section 56 (2)(b)(i) of Environmental Planning & Assessment Regulation 2021.

TfNSW key interests are the safety and efficiency of the transport network, the needs of our customers and the integration of land use and transport in accordance with the *Future Transport Strategy*.

The Pacific Motorway (M1) is a classified (State) road and Somersby Falls Road is a local road. Council is the roads authority for both roads and all other public roads in the area, in accordance with Section 7 of the *Roads Act 1993*.

TfNSW has reviewed the information provided and has no requirements for the proposed development, as it is considered there will be no significant impact on the nearby classified (State) road network.

On determination of this matter, please forward a copy of the Notice of Determination to TfNSW for our records. Should you require further information please contact Kane Hitchcock, Development Services Case Officer, on 1300 207 783 or by emailing development.north@transport.nsw.gov.au.

Yours faithfully

Holly Taylor
