Review of SSD-5145-Mod-4 for Centennial Cooranbong Coal Stockpile Mine Extension at Gradwells Road, Dora Creek

I refer to the abovementioned State Significant Development Application referred to Transport for NSW (TfNSW) on 21 February 2025 for comment in accordance with section 56 (2)(b)(i) of Environmental Planning & Assessment Regulation 2021.

TfNSW key interests are the safety and efficiency of the transport network, the needs of our customers and the integration of land use and transport in accordance with the *Future Transport Strategy*.

Newstan – Eraring, Awaba and Cooranbong private roads are existing private haulage roads and Gradwells Road is a local road. Lake Macquarie Council is the roads authority for Gradwells Road and all other public roads in the area, in accordance with Section 7 of the *Roads Act 1993*.

TfNSW has reviewed the information provided and has no requirements for the proposed development, as it is considered there will be no significant impact on the nearby classified (State) road network.

Should you require further information please contact Kane Hitchcock Development Services Case Officer, on 1300 207 783 or 0477 491 803 or by emailing development.north@transport.nsw.gov.au.

Yours faithfully
