Dear Emily

RE: Response to Modification request for Bays 1-4a & 5-13 of the Locomotive Workshops (SSD 8449 MOD 5 & SSD 8517 MOD 4)

Thank you for inviting the Heritage Council of NSW to comment on this Modification Request which includes the following amendments.

- Retention of existing roof skylights approved for removal under SSD 8449 & 8517; and,
- Additional roof skylights to those approved under SSD 8449 & 8517.

Following a review of the documentation provided, the proposed retention of existing, and addition of new roof skylights is considered relatively minor and will not substantially alter the approved design. It is also noted that the existing roofing is non-original fabric and that the installation of skylights (polycarbonate sheeting) will not impact any significant fabric. Therefore, I have no objections to the proposed modifications.

If you have any queries regarding the above matter, please contact David Nix, Senior Heritage Officer, Major Projects at Heritage NSW, Department of Premier and Cabinet on 02 9895 6523 or at david.nix@environment.nsw.gov.au.

Yours sincerely
