**EXHIBITION OF ENVIRONMENTAL IMPACT ASSESSMENT (EIS) – UNSW BUILDING G25
8 HIGH STREET, KENSINGTON**

Dear Ms Fishburn,

Reference is made to the Department of Planning, Housing and Infrastructure (DPH&I) referral dated 22 April 2025 on the Major Projects Portal regarding the abovementioned EIS, which was referred to Transport for NSW (TfNSW) for comment in accordance with Section 3.58 of *State Environmental Planning Policy (Transport and Infrastructure) 2021*.

TfNSW has reviewed the EIS and supporting documentation and has **no objections** to the proposed development in terms of the impacts it will have on the state classified road network (i.e. Anzac Parade, Avoca Street, Alison Road). In addition to the above, TfNSW provides the following comments for DPH&I consideration:

1. A Road Occupancy Licence (ROL) shall be obtained from the Transport Management Centre for any works that may impact on traffic flows on nearby signalised intersections during construction activities. A ROL can be obtained through <https://myrta.com/oplinc2/pages/security/oplincLogin.jsf>.

Should you have any further inquiries in relation to this matter, please do not hesitate to contact Hans Pilly Mootanah, Land Use Planner on 0428 391 997 or by email at development.sydney@transport.nsw.gov.au.

Yours sincerely,

Andrew Lissenden
