Subject: Burroway Solar Farm (SSD-55968733) – Response to Submissions and Draft Conditions

Dear Rita Hatem,

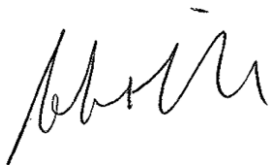

I refer to your request for advice sent on 21 May 2025 to the NSW Department of Climate Change, Energy, the Environment and Water (DCCEEW) Water Group about the above matter.

NSW DCCEEW Water Group has reviewed the Response to Submissions and the proponent has adequately addressed DCCEEW Water's recommendations at the EIS stage. A review of the draft conditions has identified one point to note which is detailed below.

- Draft condition B26 appears to incorrectly reference condition B27 and should be amended to reference condition B25.

Should you have any further queries in relation to this submission please do not hesitate to contact the DCCEEW Water Assessments team at water.assessments@dpie.nsw.gov.au.

Yours sincerely
